

Environmental Policy

Effective Date: 2024 | Revision 2.0

Policy Statement

Do Sender Chemicals Co., Ltd. is committed to protecting the environment and operating in an environmentally responsible manner. This policy sets out our commitments and provides the framework for setting and reviewing environmental objectives and targets.

This policy applies to all operations, activities, products, and services at our Zibo facility and extends to our supply chain partners where applicable.

Our Commitments

- Pollution Prevention:** We will minimize pollution through the application of best available techniques, proper waste management, and emission control measures.
- Resource Efficiency:** We will optimize the use of energy, water, and raw materials, and promote the circular economy through waste reduction and recycling.
- Climate Action:** We will measure, report, and reduce our greenhouse gas emissions in line with our Science-Based Targets and contribute to the global transition to a low-carbon economy.
- Biodiversity Protection:** We will assess and minimize our impact on biodiversity and ecosystems in the areas surrounding our operations.
- Compliance:** We will comply with all applicable environmental laws, regulations, and other requirements to which we subscribe.
- Continuous Improvement:** We will continually improve our environmental management system (ISO 14001) and environmental performance.

Implementation

The Chief Operating Officer has overall responsibility for environmental performance. Department heads are responsible for implementing this policy in their areas. All employees are expected to follow environmental procedures and contribute to our environmental objectives.

Our Environmental Management System is certified to ISO 14001:2015. Performance is reviewed quarterly by the ESG Committee and annually by the Board of Directors.
